

Documents & IT

Technology Products and Associated Services (RM6098)

Lot Guidance

Under TePAS 2 framework (RM6098), buyers can procure a wide variety of IT hardware and software products and services. The framework can be accessed by four routes to market:

- Further competition
- Simplified further competition
- Direct award
- Catalogue.

Not sure which Lot you need? We've broken them down below so you can find exactly what you're after straight away.

Working in partnership with

**Crown
Commercial
Service**
