Benefits of using this Framework

Nominated worker

If you'd like to hire a worker who is not currently signed up to an agency supplier, you can use this framework to find a supplier who will perform the background screen and put them on the agency payroll for you. A worker signed up in this way is known as a nominated worker.

- This framework is compliant with UK procurement legislation – CCS have done the work, so there's no need for you to run a full procurement process.
- Suppliers listed on the framework were assessed during the procurement process for their financial stability, track record, experience and technical & professional ability.
- Pre-agreed terms & conditions to underpin all orders so no need to worry.
