### How to use this Framework

**Step 1** - Complete the online Access and Confidentiality Agreement which can be found at Stage 2 of the ESPO website at 985B\_23 Occupational Health Services

**Step 2** - Review the User Guide to establish whether your needs can be met by a single supplier or whether you need to conduct a Further Competition. Section 5 contains more information on how to place an order. Typically smaller, more straightforward requirements can be met by one supplier, larger, more complex requirements will require a Further Competition to achieve the best supply solution.

If you decide that a single supplier can meet your requirements based on the pricing and/or other information provided in the User Guide simply place an order with that supplier.

If you decide you need to conduct a Further Competition you may do so by seeking quotations from **all** of the suppliers that are able to meet your requirements in your particular location. More specific details on how to conduct a further competition can be found in Section 5 of the User Guide.
