

How to guide...

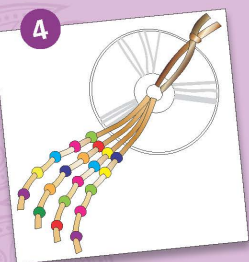

1. Take an old rewritable CD and decorate both sides using gems and glitter.

2. While the glue is drying, thread colourful beads on four separate pieces of metallic ribbon approx. 30cm long. Tie a knot at the end of each so that the beads don't fall off the end.

3. Take a separate piece of ribbon and thread through the hole in the middle of the CD. Tie the ends together to make a hanging hoop.

4. Select a side to be the back and tie on the four beaded ribbons to the hanging hoop so that they hang down neatly below the CD when viewed from the front. Once complete hang up near a window and watch the light dance in all directions.
