Fire Safety Products and Services

Framework scope
This framework provides access to an extensive range of fire safety products and services, including but not limited to equipment supply and maintenance, fire training, risk assessments, fire detection systems and alarm monitoring, sprinkler systems, wet and dry risers, and emergency lighting. All of the suppliers on this framework have been selected for their experience and ability to provide customers with a comprehensive range of products that combine quality and value.

This page is intended to provide you with an overview of what is available. Please refer to the full User Guide for more information.

Who can use this Framework?
The framework is available for use nationally by any public body in the UK including, but not limited to:

- Schools & Academies
- Local Authority Establishments
- Police & Emergency Services
- NHS & HSC Bodies
- Central Government Departments & their agencies
- Registered Charities

Benefits of using this Framework

- A wide range of fire safety products and services available from market-leading suppliers.
- This framework is compliant with UK/EU procurement legislation - we've done the work, so there's no need for you to run a full EU procurement process.
- Suppliers listed on the framework were assessed during the procurement process for their financial stability, track record, experience and technical & professional ability.
- What you see is what you pay – there are no additional charges.
- Pre-agreed terms & conditions to underpin all orders so no need to worry.

ESPO framework 225

We would like to hear your feedback on this framework and how you think we could improve it in the future.

Suppliers

• Amalgamated Ltd
• Arco Ltd
• Black & White Fire Safety
• Boston Networks Ltd
• Chubb Fire & Security Ltd
• DFP Services Ltd
• Firemark Ltd
• Harmony Fire
• MacDonald Martin
• Marlowe Fire & Security
• Openview Security
• Trinity Fire & Security
• Walker Fire (UK) Ltd

How to use this Framework

Step 1 - Complete the Customer Access Agreement (Appendix 1 of the User Guide) and return it to ESPO.

Lots 1 – 4 - Step 2 - Review the User Guide to establish whether your needs can be met by a single supplier or whether you need to conduct a Further Competition. Section 5 contains more information on how to place an order. Typically smaller, more straightforward requirements can be met by one supplier, larger, more complex requirements will require a Further Competition to achieve the best supply solution.

If you decide that a single supplier can meet your requirements based on the pricing and/or other information provided in the User Guide simply place an order with that supplier. A template order form is available for you to use at Appendix 2 of the User Guide.

If you decide you need to conduct a Further Competition you may do so by seeking quotations from all of the suppliers that are able to meet your requirements in your particular location. More specific details on how to conduct a further competition can be found in Section 5 of the User Guide.

Lots 5 – 11 - Step 2 - Conduct a further competition by seeking quotations from all of the suppliers that are able to meet your requirements in your particular location. More specific details on how to conduct a further competition can be found in Section 5 of the User Guide.

Please quote ESPO framework reference 225 on all correspondence.

About ESPO and our frameworks

ESPO is a local authority owned purchasing and supply consortium. It is jointly owned by the county councils of Cambridgeshire, Leicestershire, Warwickshire, Lincolnshire and Norfolk and city council of Peterborough.

We have over 30 years of experience in public sector procurement. All of our frameworks are let in full compliance with UK procurement regulations (and the EU procurement directive).

ESPO is a not for profit, self-funded organisation. ESPO recovers its overheads by means of a retrospective rebate from the suppliers. The rebate levied averages less than 1% of framework turnover.

ESPO’s specialist buying teams have extensive experience of providing high quality procurement solutions to the public sector on a nationwide basis.

At ESPO we use our expertise to work with our strong and varied supply chain to bring you the best value procurement solutions possible.

This framework has been established through a collaborative procurement exercise undertaken by ESPO and YPO.
