Security and Surveillance Equipment/Services

Framework scope
This ESPO framework provides access to a range of security and surveillance solutions including public and private space CCTV, access control, intruder detection, independent security consultancy, ANPR cameras and body worn video cameras.

The framework can be utilised via a direct call-off with your preferred supplier based on the terms published within this user guide, or via a further competition exercise amongst all suppliers that are capable of meeting your requirement.

There are eight lots within the framework:

• Lot 1 - Public Space Surveillance Systems.
• Lot 2 - Private Space Surveillance Systems.
• Lot 3 - Access Control Systems.
• Lot 4 - Intruder Detection Systems.
• Lot 5 - Integrated Security Solutions
• Lot 6 - Independent Security Consultancy Services
• Lot 7 - Body Worn Video (BWV) Cameras
• Lot 8 - Automatic Number Plate Recognition (ANPR) Cameras

Who can use this Framework?
The framework is available for use nationally by any public body in the UK including, but not limited to:

• Schools & Academies
• Local Authority Establishments
• Police & Emergency Services
• NHS & HSC Bodies
• Central Government Departments & their agencies
• Registered Charities

Benefits of using this Framework
• This framework is compliant with UK/EU procurement legislation - we’ve done the work, so there’s no need for you to run a full EU procurement process.
• Suppliers listed on the framework were assessed during the procurement process for their financial stability, track record, experience and technical & professional ability.
• What you see is what you pay – there are no additional charges.
• Pre-agreed terms & conditions to underpin all orders so no need to worry.

ESPO can also undertake bespoke procurement exercises on your behalf. Please contact us to discuss your requirements.

Suppliers

This framework provides the user with a large number of suppliers to choose from and a full list with contact details can be found in Section 3 of the full User Guide.

How to use this Framework

**Step 1** - Complete the Customer Access Agreement (Appendix 1 of the User Guide) and return it to ESPO.

**Step 2** - Review the User Guide to establish whether your needs can be met by a single supplier or whether you need to conduct a Further Competition. Section 5 contains more information on how to place an order. Typically, smaller, more straightforward requirements can be met by one supplier, larger, more complex requirements will require a Further Competition to achieve the best supply solution.

If you decide that a single supplier can meet your requirements based on the pricing and/or other information provided in the User Guide simply place an order with that supplier. A template order form is available for you to use at Appendix 2 of the User Guide.

If you decide you need to conduct a Further Competition you may do so by seeking quotations from all of the suppliers that are able to meet your requirements in your particular location. More specific details on how to conduct a further competition can be found in Section 5 of the User Guide.

**Please quote ESPO framework reference 628 on all correspondence.**

About ESPO and our frameworks

ESPO is a local authority owned purchasing and supply consortium. It is jointly owned by the county councils of Cambridgeshire, Leicestershire, Warwickshire, Lincolnshire and Norfolk and city council of Peterborough.

We have over 30 years of experience in public sector procurement. All of our frameworks are let in full compliance with UK procurement regulations (and the EU procurement directive).

ESPO is a not for profit, self-funded organisation. ESPO recovers its overheads by means of a retrospective rebate from the suppliers. The rebate levied averages less than 1% of framework turnover.

ESPO’s specialist buying teams have extensive experience of providing high quality procurement solutions to the public sector on a nationwide basis.

At ESPO we use our expertise to work with our strong and varied supply chain to bring you the best value procurement solutions possible.
