FRAMEWORK 545 ISSUE 15

VEHICLE TELEMATICS AND ASSOCIATED PRODUCTS & SERVICES

FRAMEWORK SCOPE
This ESPO framework provides access to a range of vehicle telematics solutions and associated products and services suitable mainly for cars, minibuses and light commercial vehicles. However, a number of suppliers also offer tracking systems for heavy goods vehicles, winter maintenance vehicles, refuse collection vehicles and other specialist vehicles. The framework covers the hire as well as the outright purchase of vehicle telematics and associated products.

This page is intended to provide you with an overview of what is available. Please refer to the full User Guide for more information.

WHO CAN USE THIS FRAMEWORK?
Whilst initially for use by local authorities served by ESPO – being a Central Purchasing Body as defined by the Public Contracts Regulations 2015, the framework may also be open for use by any “public body”, defined in the Local Authorities (Goods and Services) Act 1970 that also falls within one of the following classifications of user throughout all administrative regions of the UK:

- Local Authorities, and certain
  - Central Government Agencies and Ministries
  - NHS and Emergency (Blue Light) Services
  - Schools, Academies, Colleges and Universities
  - Registered Charities
  - Registered Social Landlords

Full details of the classification of end user establishments and their geographical areas are available on [http://www.espo.org/FAQs/Legal](http://www.espo.org/FAQs/Legal).

BENEFITS OF USING THIS FRAMEWORK
- Tracking system from £8.00 per vehicle per month
- Free of charge supplier apps available
- This framework is compliant with UK/EU procurement legislation - we've done the work, so there’s no need for you to run a full EU procurement process.
- Suppliers listed on the framework were assessed during the procurement process for their track record, experience, and technical and professional ability.
- Access to a buyer’s guide to help Customers determine their requirements free of charge
- Access to further competition template documents including requirements specification
- Pre-agreed terms & conditions to underpin all orders so no need to worry.

ESPO framework 545

We would like to hear your feedback on this framework and how you think we could improve it in the future.

This user guide is confidential and provided subject to ESPO’s website terms and conditions, including clause 4 (Confidentiality)
### What else can ESPO help you with?

This is one of over 200 frameworks that ESPO has established. If you have found this one useful then here are some examples of others that may be of interest:

- **215 – Specialist Vehicles**
- **222 – Vehicle Tyres and Related Services**
- **636 – Vehicle Charging Infrastructure**

Full details of our framework offer are available on the ESPO website [www.espo.org](http://www.espo.org)

ESPO can also undertake bespoke procurement exercises on your behalf. Please contact us to discuss your requirements.

### What our customers say...

“Utilising the framework was a very straightforward process and the service that we received from ESPO were second to none in terms of responding to queries. The framework guidance given is very informative and outlines the process to follow.”

“The supplier that Monmouthshire has appointed is a Welsh based business which enables us to meet one of the Procurement’s objectives of engaging with local SME’s in a compliant regulatory manner. The Transport Dept. has received excellent service and support from the supplier during the installation programme and it has benefitted from added value in terms of achieving value for money.”

Sue Day, Strategic Procurement Officer, Monmouthshire County Council.

### Suppliers*

- Advanced Communication Projects Ltd
- ARS Traffic & Transport Technology B.V.
- BigChange Apps Limited
- Ctrack Ltd
- EDC Systems Ltd t/a Traffilog UK
- Gould Electronics Two Way Radio Ltd
- L&A Consultants Limited
- Quartix Limited
- RSG Engineering Limited
- Sure-Track Europe Ltd
- Terrafix Limited
- TerraMar Networks Ltd
- Trackitnow Limited
- UK Telematics Limited

### How to use this Framework

**Step 1** - Complete the Customer Access Agreement (Appendix 1 of the User Guide) and return it to ESPO.

**Step 2** - Review the User Guide to establish whether your needs can be met by a single supplier or whether you need to conduct a Further Competition. Section 5 contains more information on how to place an order. Typically smaller, more straightforward requirements can be met by one supplier, larger, more complex requirements will require a Further Competition to achieve the best supply solution.

If you decide that a single supplier can meet your requirements based on the pricing and/or other information provided in the User Guide simply place an order with that supplier.

If you decide you need to conduct a Further Competition you may do so by seeking quotations from **all** of the suppliers that are able to meet your requirements in your particular location. More specific details on how to conduct a further competition can be found in Section 5 of the User Guide.

Please quote ESPO framework reference 545 on all correspondence.

### About ESPO and our frameworks

ESPO is a local authority owned purchasing and supply consortium. It is jointly owned by the county councils of Cambridgeshire, Leicestershire, Warwickshire, Lincolnshire and Norfolk and city council of Peterborough.

We have over 30 years of experience in public sector procurement. All of our frameworks are let in full compliance with UK procurement regulations (and the EU procurement directive).

ESPO is a not for profit, self-funded organisation. ESPO recovers its overheads by means of a retrospective rebate from the suppliers. The rebate levied averages less than 1% of framework turnover.

ESPO’s specialist buying teams have extensive experience of providing high quality procurement solutions to the public sector on a nationwide basis.

At ESPO we use our expertise to work with our strong and varied supply chain to bring you the best value procurement solutions possible.

*GDPR (General Data Protection Regulation)*

ESPO has invited all Framework Suppliers to agree to vary the Framework Agreement and precedent Call-Off Contract, so that their data protection provisions reflect the requirements of the General Data Protection Regulation (GDPR).

The list in Appendix 5 records those Suppliers that have agreed to this variation and those that have yet to do so.
